20 July 2011

Subject: Muirhead Avionics Authorized Service Station for Howell Instruments, Inc.

To Whom It May Concern:

Muirhead Avionics has for many years been the factory authorized service facility in the U.K. for our products. As such they have direct access to our technical and engineering departments and receive a preferred discount on all parts to support our products.

We would recommend that consideration be given to using the factory-approved facility for the repair and servicing of our equipment to maintain them at the highest standards.

If you have any questions on this subject please do not hesitate to contact me.

Sincerely,

Jackie Barnes  
Quality Assurance Manager
